

Equipment List for Aspiring Expedition Course - 8 days

Throughout the summer season, a full range of conditions and temperatures can be expected on Mt Aspiring and participants need to be suitably prepared. Your guide will do a comprehensive gear check at your pre-trip meeting. This is usually a fly-in walk-out trip based at Colin Todd hut. You will need to carry your personal gear and will be asked to assist in carrying some group gear and food from the heli-landing site to the hut and on the walk-out. Depending on the weather and conditions, there may be an option to bivi out which can be discussed with your guide during the pre-trip meeting.

Below is a checklist of required equipment. Further detail is available in the equipment detail information accessed from the [Aspiring Expedition Course](#) page on www.aspiringguides.com. If you have any questions about the equipment list, please be sure to contact us at climb@aspiringguides.com.
