

Equipment List for Advanced Ski Mountaineering Course - 4 days

Throughout the winter season, a full range of conditions and temperatures can be expected in the mountains. Due to variable nature of conditions, clients need to be suitably prepared. Your guide will do a comprehensive gear check at your pre-trip meeting. This is a fly-in, ski-out trip based at our private Black Peak hut. The hut is stocked with beds and mattresses, sleeping bags, cooking equipment and hut shoes. On the ski out, you will need to carry your personal gear and will be asked to assist in carrying some small items of group equipment. Part of the course may also utilise the Remarkables mountains near Queenstown and stay in town based accommodation in Frankton or Wanaka.

Below is a checklist of required equipment. Further detail is available in the equipment detail information accessed from the [Advanced Ski Mountaineering](#) page on www.aspiringguides.com. If you have any questions about the equipment list, please be sure to contact us at action@aspiringguides.com.
